OUR GUARANTEE

Our standard guarantee is that we will prepare your return as accurately as we can based on the information that you provide. We will keep your financial information private, releasing it only as you authorize.

If we make a mistake, we will fix the error at no cost to you and represent the problem before the IRS or state revenue agency. In the event that the error is our responsibility, we will pay any penalties or interest you may incur as a result of the error, provided we are notified within thirty (30) days of the date of the notice. Of course, you will still be responsible for any tax that may be assessed.

AUDIT PROTECTION PLAN

We don't like to think about tax audits, but a major demand element in the process of tax return preparation is to begin to prepare for the possibility of an audit. Audits are costly to you, usually costing the taxpayer many hours of time and lost wages and thousands of dollars to be properly represented. For an additional fee we will handle your future concerns that relate to these returns.

For a fee of \$75 we will, in the event of an audit of your personal 2011 return, represent you before the IRS and/or the state revenue agency up to the appellate level, and respond to all IRS and State correspondence at ***no further cost***. Of course, you will be responsible for any additional taxes, penalties and interest. We will also provide you additional copies of this year's tax returns and W-2's, as needed, for a period of three (3) years. The deadline for enrollment is ***February 15, 2012***.

If you decline the coverage and the IRS or state revenue agencies maintain that there is a problem with your return and we are ***not*** at fault, or if you need additional copies of your tax return, we will charge you to resolve the problem. We feel that this method of sharing the cost of professional representation at the time of audit will take some of the sting out of the audit process for you.
